117 Newland Park Kingston Upon Hull HU5 2DT	
Notification of intention to: Large conifer tree at the rear of 117 Newland Park has become diseased over the last two years and has ceased growing. The foliage on the tree is rapidly thinning out and becoming more and more sparse - it is dying. I wish to remove the tree before it becomes dangerous and replant the area. There is a history of tree infections in Newland Park following the serious flooding in the area in 2007.
