

Planning Applications

Week Ending 20 April 2018

Starred applications below will be determined by Planning Committee.

To view planning applications on the website please use the number prefixed with "12/", "13/" or "14/".

Would Councillors please notify the Development Management Section in writing by 4 May 2018 if they require any of the other applications to be determined by Committee (and to indicate at this stage whether a site visit is required). Requests for committee decisions received after that date will be decided by the Planning Committee Chairman, Deputy Chairman or Planning Working Group in consultation with the City Planning Manager.

Prior approval applications for telecommunications installations - Due to the national regulations concerning the approval/refusal of these types of application the above deadlines differ from those of normal planning applications.

Councillors are therefore advised to notify the Development Management Section in writing as soon as possible if they wish the application to be determined by the Planning Committee. Every effort will be made, where timescales allow, to comply with these requests to ensure that the application is considered by the usual committee.

Members of the public should make comments in writing (by letter or e-mail) before 11 May 2018. Any comments will be available for the public to see.

Please contact the Development Management Section or the individual officer specified below to discuss any application or to find out its progress.
