We are aiming to change the use of the building from A3 to A4. We plan to do this as we are new business starting out and feel we could offer a lot to local community and will be using local suppliers for our alcohol. We feel the poor state of the kitchen inside would leave the business suffering due to the extent of work needed. We plan to ensure the establishment is safe at all times via security staff if required and excellent staff training. Our FRA is being completed by Sohan Ghimire @ UK Flood Risk Consultants they will contact you next week when this is complete.
