

NEW FEE SCHEDULE FROM 1ST OCTOBER 2022

SMALL DOMESTIC BUILDING WORK FOR EXISTING DWELLINGS

Table 1 shows the fees payable for Building Control Services relating to the indicated small domestic building work for the different types of application.

Find your proposal in the table and read across to determine the relevant fee for either the work you intend to carry out (BC1 & 2) or for the work you have undertaken without approval (BC4). When the work includes more than one extension, the floor areas of each extension may be added together and applied to the table to determine the fee. For projects not included in the standard tables please contact Hull Building Control.
