

Appendix I (ii)

Integrated Commissioning Programme NHS Hull CCG/Hull City Council

Theme: Developing an integrated approach to prevention, early help and specialist support for adults and children at risk of poor outcomes.

- (i) **Homelessness (Mental Health and Housing)** – implementation of 'Pathway' a two year model of integrated healthcare for homeless people and rough sleepers by bringing together teams of NHS, Local Authority and voluntary sector professionals.
- (ii) **Paediatric Autism Assessment and Diagnosis Remodelling** – improve outcomes for autistic children and young people through the implementation of a new operational model and reduce the waiting list.
- (iii) **Learning Disabilities Wellbeing/Health Checks** – increase the number health check for GP registered people with a learning disability.
- (iv) **Paediatric Speech and Language Service** – joint review with CCG, Early Years' Service, Education and Parent reps, with the intention to develop initial pathways and improve service.
- (v) **Sensory Processing Disorder (SPD) Assessment and Support** – review of service specification and delivery model. Pilot Project to be undertaken prior to implementation of new model.
- (vi) **Joint commissioning framework Children and Young People with SEND and their families** – The joint OFSTED inspection revisit completed (Oct 19), SEND improvement plan reviewed and updated to include actions related to joint commissioning, including joint commissioning strategy for SEND, autism, Speech and Language therapy, sensory processing and short breaks.
- (vii) **Social Prescribing Service mobilisation** – contract in place with primary care presence. Six rounds of targeted social prescribing grants completed with various community projects supported in order to broaden the services available for this service.
- (viii) **Care Leavers** – development of a holistic offer for care leavers by improvement of joint working and provision of a fuller range of support services for care leavers.
- (ix) **NHS Health Checks** – targeting health inequalities through the increase in the number of people in Hull receiving an NHS Health Check.
- (x) **NHS Specialist Support to treat tobacco dependency** – targeting the reduction in number of people dependent upon tobacco through advice from health professionals.
- (xi) **A & E Alcohol Pathway** – pilot underway in A&E following full training of nursing team to identify attendances due to drinking problems and appropriate interventions given.

Theme: Ensuring consistent quality and cost effective provision for adults and children in vulnerable groups.

- (i) **Day opportunities** review project underway and market shaping with providers. Audits of existing provision completed, benchmarking and engagement with service users and providers commenced. Dynamic Purchasing System being established (DPS).
- (ii) **Homecare review** (Community Wellbeing Services) – Continue review of existing commissioning arrangements. Engage with customers, carers, advocate consultation. Explore short-term/immediate solutions to create capacity in the market.
- (iii) **Residential placements for Looked after Children** – review the regional commissioning arrangements with other Local Authorities.
- (iv) **Streamlining Integrated NHS and Social Care Pathways** – review Adult and Children's continuing care, benchmark the CHC service with other organisations. Develop joint policy and procedures.
- (v) **Personalised Care** – jointly develop and implement policies, principles and operational guidance to ensure personalised care is embedded within the organisations and offer available to clients.
- (vi) **Moving with dignity** – improve the quality of care offered to clients. Data review completed with Adult and Children's Social Care to identify moving with dignity cases. Potential to increase the number of personalised care packages which could include alternative moving and handling methods.
- (xii) **Community Equipment** and integrated wheelchair services – formal pooled budget commissioning lead CCG. This includes equipment for pupils in special schools and provision of hoists (Moving with dignity).
- (xiii) **Targeted Early Help Youth Provision** – review and recommission provision to support young people.
- (xiv) **Improve outcomes for children and young people through jointly commissioned integrated public health and children's services for 0-19 year olds** – Provider in place and partners are scoping the requirements for the recommissioning of the specialist public health nursing service (0-19)
- (vii) **Psychological therapies – depression and anxiety services** – CCG contract in place and new operational processes in place to improve attendance statistics.
- (viii) **Estates development and identification of assets of strategic importance** – Wilberforce scheme underway to support disposal of Brunswick House. Disability Short Breaks Programme includes review and exploration of opportunities for an Integrated Specialist Service and how that would shape the property requirement.
