

Hull Local Plan: 2016 to 2032

# SPD12 Ecology and Biodiversity Supplementary Planning Document

**Consultation Statement** 

October 2018

## Background

- 1.1 In preparing Supplementary Planning Documents (SPDs) the Council is required to follow the procedures laid down in the Town and Country Planning (Local Planning) (England) Regulations 2012.
- 1.2 Regulation 12 states that before adoption of a SPD the local planning authority must prepare a statement setting out:
  - the persons that the local authority consulted with when preparing the SPD;
  - a summary of the main issues raised by those persons; and
  - how those issues have been addressed in the SPD.
- 1.3 This Consultation Statement accompanies the Ecology and Biodiversity Supplementary Planning Document (SPD12). This document provides additional planning guidance on Policy 44 Biodiversity of the Hull Local Plan: 2016 to 2032, which was adopted on the 23<sup>rd</sup> November 2017.

### 2. Consultation

- 2.1 Preparation of the draft SPD involved engagement with other Council departments, including Sustainability, Flood Management, Open Spaces (including Arboriculture), and development management officers. The draft SPD was appraised by Hull Biodiversity Partnership and local ecological consultants. The draft SPD has been through the Council's committee regime and elected members have had the opportunity to comment on the draft document.
- 2.2 The draft SPD was made available for public consultation for six weeks between Monday 30<sup>th</sup> April 2018 and Monday 11<sup>th</sup> June 2018. A public notice to publicise this event was published in the Hull Daily Mail on Monday 30th April 2018. The consultation was also reported at Planning Committee on 17<sup>th</sup> April 2018 and Cabinet on 23<sup>rd</sup> April 2018.
- 2.3 The draft SPD and associated documentation was made available for

inspection on the Council's website and at the following Council locations:

- the Wilson Centre;
- Guildhall reception;
- Hull History Centre; and
- all Council Customer Service Centres and libraries.

### **Consultation responses and main issues**

- 3.1 Following the consultations the Council received 6 representations. These were from the Hull Biodiversity Partnership, Hull and East Yorkshire Local Nature Partnership, Sustainability, and Curtis Ecology. A summary of these representations, together with the Councils response, is attached at Appendix 1 below.
- 3.2 The main issues raised through the consultation were:-
  - Need to add biodiversity measure for Hull Biodiversity Action
    Plan
  - Need to add advice on best practise for biodiversity off-setting
  - Request for a section on Environmental Capital
  - Request to include green bike and bus shelters in the biodiversity measures, and recommend integral bat boxes in new build development.

## Main changes to the SPD

4.1 All comments raised as referred to above have been incorporated in the SPD.

#### Appendix 1: Summary of representations

| Respondent        | Comments Received    | Council Response  |
|-------------------|----------------------|-------------------|
| Hull Biodiversity | Include biodiversity | Measures expanded |
| Partnership       | measures for Hull    |                   |

|                   | biodiversity action     |                    |
|-------------------|-------------------------|--------------------|
|                   | plan species and        |                    |
|                   | habitats.               |                    |
| Hull Biodiversity | Advice on               | SPDs updated to    |
| Partnership       | biodiversity offsetting | include section on |
|                   | best practise           | offsetting         |
| Hull and East     | Include a section on    | Actioned           |
| Yorkshire LNP     | Environmental           |                    |
|                   | Capital                 |                    |
| Custoinahilitu    | Recommended the         | Actioned           |
| Sustainability    |                         | Actioned           |
|                   | inclusion Green Bike    |                    |
|                   | and bus shelters in     |                    |
|                   | biodiversity measures   |                    |
| Curtis Ecology    | Inclusion of integral   | Actioned           |
|                   | bat boxes into new      |                    |
|                   | build projects more     |                    |
|                   | sustainable.            |                    |
| Curtis Ecology    | eDNA season needs       | Actioned           |
|                   | adjusting on survey     |                    |
|                   | calendar.               |                    |
|                   |                         |                    |
