Sexual Health Promotion Service

Yorkshire MESMAC is proud to announce the commencement of Hull's remodelled Sexual Health Promotion Service, bringing young people's and adult's sexual health services together under one roof, providing more flexibility but preserving tailored interventions to specific target groups. Yorkshire MESMAC believes that there is no such thing as hard to reach service users, rather there are hard to reach services. With this in mind activity will be coordinated from our city centre hub and complimented by multiple outreach locations and drop-ins situated where people need us the most.

This service is open to all with specific targeted work aimed at young people, BAME, MSM and CSW.

The service will provide:

- Sexual health promotion, messaging and campaigning
- Free condom and lube distribution
- 1:1 advice and guidance
- Sexual health screening and testing
- Pregnancy testing
- Referral for emergency contraception and clinical services
- Group work
- Training for professionals
- Support for schools to deliver RSE
- Integrated CSE provision is being provided by our partners Basis Yorkshire.

Appointments to see one of our workers can be made through the Yorkshire MESMAC website:

- <https://www.mesmac.co.uk/>

Referrals and self-referrals can be made through the following contact methods:

- Tel: 01482 291190
- Email: hull@mesmac.co.uk

Alternatively, people can pop into our office to speak to one of our workers with no appointment necessary:

Our service has a high level of outreach with drop in locations throughout the city embedded within community locations, with locations and times increasing with the development of the service. These locations include:

- Hull University
- Hull College
- Wyke College
- Terry Street Young Person's Centre
- Open Doors
- William Booth House
- Westbourne House
- The Crossings
- Local LGBT locations
- The Octagon

Yorkshire MESMAC will continue to work in partnership with other organisations in the city. Alongside CHCP we will be providing an MSM specific clinic at Conifer House. We will continue to work with Lighthouse to provide sexual health interventions to commercial sex workers working on the street.
